# SOX BATTLE DESPERATELY TO STAVE OFF REDS

## Tiny Dickie Kerr Keeps Sox In Fight

Midget Left-Hander of White Sox Turns in Second Victory of Series in 10 Innings-White Sox Attack Breaks Out in All Its Fury.

BY GRANTLAND RICE.

CINCINNATI, O., Oct. 8.—As the fourth inning closed out in another of the flurry of Red runs. 32,000 widely expanded throats began other of the flurry of Red runs. 32,000 widely expanded throats began battle howl of the Red fan, suppressed for 50 years, was making up for 10 decades in a clog jubilee of triumph.

Why not? The Reds were leading 4 to 0; Dutch Reuther was swinging along at a championship clip; the Sox, breaking and cracking in every department, were lying and floundering like a disorganized set of unkempt bushers, the worst-looking ball club that ever battled for a title. Hap Felsch was skidding all over center field, using everything but his head and hands; Swede Risberg was splitting apart at short in an orgy of errors, and even Eddie Collins, hero of five championships, could not hit the size of his collar. And while all this furore was under way the Reds, with gay abandon, were tearing into Dick

was under way the Reds, with gay abandon, were Kerr as they scampered merrily from bag to bag. Who could blame the Red fun for his awaited title "World's Champions" written at last upon the scroil of fate And then it happened. Sinking into the cid morase of the last time the Sox emerged for final breath and saw the light. For 18 lnnings they had floundered wearity on their way along the rolless trail. But just at the raw rim of disaster, just as they were fading into the mints, the old platoon got together, formed for one last counter at tack and before the astonished multitude knew what had happened the Sox had blasted butch Routher from the mound, tied up the score and with the big barrier at last broken down were on their way to an extra inning.

The old attack and the spirit that carried them safely through the American league flag race had returned just in the nick of time. For as their returned attack tore who runs in the fifth and sixth innings, little lick Kerr, gamely settled down to the big job and safely plusked the Red tide with the pitching palm of his left hand.

**BATTING AVERAGES** 

The Reds started after Kerr early, but he managed to stem the tide for two immings. Then in the third Daubert singled and stele, Roush was hit and with two out Duncan lashied a double to center, scoring both men. This justy blow started the Red chorus in rule blast. It rose to even greater heighth in the fourth when Shano Collins misplayed Neale's single and turned it into a three-base hit. Reuther's double down the line contributed to the growing racket. Bath tapped one to Risberg, who promptly soaked Reuther in the back while trying for a play at third and as the ball bounded away Reuther romped home with the fourth tally of the same. Up to this moment Reuther had suppressed the Sox with two flashy hits. Leading four to nothing he had an easy road to travel when he suddenly lost control in the fifth and rassed both Risberg and Schalk in turn. When Kerr followed with an infield hit what might be termed a hush settled upon the multitude. The bases were full with no one out and Shano Collins up. But Shano failed and this brought Eddle Collins to hat for his big chance to retrieve a week of hitless woes. Eddle lifted a long fly to Roush, scoring Risberg, but in the excitement of the moment Kerr raced on to second as Ray Schalk still maintained possession of the bag.

This terrific bone resulted in a double play, breaking up a buddleg rally in the twinkie of an eye. Red fans were rioting again for a great chance to cause yeard damage had resulted in his over mm. But the Sox at last had emerged from the dark morass of shattered hopes. They had broken the spell. They were on their way again. Weaver opened the sixth with a short fly to list which either Rojo or Duncan should have eaten up. But the live a shelping hand, Jackson followed with a single and Feisch amote a long double take in the shower as Jimmy Ring rushed to the resource. His stopped cold and when fling fanned Hap Feisch in the pinch, but the solar the text had come their way. Jackson followed with a fine bunt which he outrant. New hope came to the crow

## WORLD'S SERIES

## By Bob Pigue

The midget White Sox left-hander absolutely refuses to be beaten by the Reds, and turned in his second consecutive victory over the Cheinnatiano Tuesday. Dick realized that it meant the world's championahip for Cincy if he lost, and accordingly he kicked in with another win.

The latent attack of the Chicago White Sox broke out in all its fury after the Reds had gained a four-run lead. They battered the chesty Dutch Reuther from the mound and made Jimmy Ring like it the rest of the way, finally beating him in the stretch.

It's a long, rough road for the Sox to the championship, but strunger things have occurred.

One bug in Court square Tuesday bet \$60 to \$10 that Cincinnati would win after they had made four runs off Dick Kerr. In the tenth, after Weaver had doubled, Jackson had singled and Gan-dli had dropped a line hit over second, said bug was seen wending his way out of the park looking for somebody who could wield a tusty kick.

Budle Colling remains to the grip of his batting alump and seems absolutely unable to even get hold of the ball. This king of second banennen is canable of a great brand of ball, both offensively and defensively, but has falled utterly to show anything at all in the present

The Cincinnati shouting has been de-layed. It may go state while being held

Pat Moran, manager of the Reds, says the Cheinnatians are beginning to crack under the attain. Give an ear to Pat's explanation of Tuesday's loss:
"Tuesday's game was a heartbreaker for the Reds to lose. We should have won't haif a dozen times. But the strain of the world's series is beginning to tell on my players and they were a hit unnerved. But they will regain themselves today and wind it up. Kerr pitched better bail than either Reuther or Ring. He demonstrated his gameness when he pitched himself out of a couple of tight places and got some erratte support."

ratic support.

And then turn around and let Bro. Gleason speak a few words:

"The Sox have hit their winning stride, and although tremendous odds are against us, we are far from out of the race. The players have begun to hit, and it will be a different story from now olw. They slammed everything Reuther and Ring had Tuesday, and will do the same thing to Salee if he pitches todgy. Despite the fact that the breaks went against us, we played a better brand or bell than the Reds. We should have cinched the game in the should have cinched the game in the sighth, only for Roush's lucky catch of Risberg's liner. It would have gone for a double sure and we would have scored two rans. I am proud of Kerr's pitching. He possesses extraordinary pitching skill and remarkable gameness."

Cincinnati fahs had already prepared a big banquet for the world's champion Reds. However, instead or partaking of the choice viands that had been prepared, they were served with large portions of crow by Dick Kerr, an expert chef in preparing such dishes for the Redlegs.

WOULDN'T IT MAKE YOU MAD

If you'd gone along and won four
kames in the world's series and had only
one more to cop before becoming world's
champions and then have a little mite
of a pitcher go out and stop you dead
in your tracks, wouldn't it bump you.

Pat Duncan, ex-Baron, is still sharing the spotlight, and Tuesday produced a double which had a big part in the Red scoring.

Dickie Kerr, with all of his great pitching, joined the Bonehead club to Tuenday when he went to second, only to find it already occupied. The bases were full, with one gone, when Collins seed a sacrifice fly to Roush. Schalk was on second and Kerr on lirst Kerr evidently figured Schulk would like third after the catch, and accordingly went on down to second. When he arrived there Schalk, who had felmised as if he were going to third, came tearing back, only to lind kerr there. Dickie was too astounded to move and individually the ball. This killed off the Sox rally.

Eddie Cicotte, the Sox shineball star, who has been humiliated in two starts, is plining his life away for just one more crack at the Reds, refusing to believe that he can be defeated in three straight games. Managar Gleason will probably gratify Eddie's ambilion to retrieve his lost fortunes, and the veteran may come through and redeem himself.

Those Cincinnati fann who bet \$60,000 that the Reds would win Tuesday's game will very probably long remember Dick Kerr.

Manager Kid Gleason has Grover Low-dermilk. Bill James and Urban Paber, all right-handers, in his stable, but he can't get consent of his mind to start them at this critical time. He may at the last minute decide on Faber.

Red fans were having a gay old time after the Cincinnati ciub had taken a four-run lead over Dick Kerr and the Sox. But when the Sox chime hack and tied the score the allence that hung over Rediand field was like a pall and could have been cut with a knife.

Rediand bugs are at III dubious as to the outcome of the series. Just when they figured they had the Sox shoul-ders to the mat, the Gleasonians arose and smote them a mights blow, and staved off defeat for another day, at

Fighter Dies After Receiving Knockdown In Go

JERSEY CITY, N. J., Oct. 8.—Re-ceiving a fracture of the skull which knocked down in a boxing bout here last night, Meyer Ellis, 20 years old, of New York city, died soon afterward in a hospital. His opponent, Wilford Doyle, also of New York city, was ar-rected on a technical charge of man-slaughter.

NOTE TO REUTHER. (The hero of the first game of the world series was Tuesday driven to the shower by a bombardment from the same machine.)

> No matter the game you play. No matter the stuff you know: No matter the fame that crowns your name Out where the records go — Remember the worm will turn. The panther will stop to fight: No matter how high the eagle flies, The eagle is bound to light.

No matter that thousands crown You king of a pitching day; That others sigh at your batting eye And bow to your ruling sway-Remember the road will turn, The cloud has a silver light-Though the buzzard hover over the prey, The buzzard in turn will light.

On the other hand the success of Dick Kerr not only lifts the stock of left-handed pitchers, but shatters forever the theory that little men cannot produce the goods.

Gleason has never regarded Kerr as more than a good member of the second squad, whereas the ex-Chick has done more than his share when called upon. Moreover, he has won twice where Clicotte and Williams have failed; where Cicotte had been riddled into a mass and had fater blown wide open, and where Williams had been dropped unconscious.

conscious.

The kid stands out as the brightest light of the series—the only man to win two games so far in the stand and the steadlest gunner the Sox have advanced.

### THE MONEY END.

Cincinnati may have waited 50 years for a toss at kale and glory, but when the opportunity presented itself no means were overlooked to gather in the money as fast as possible.

Only Tuesday the tax was raised, thereby increasing the receipts. The only one to suffer is the fan. It may be interesting to note, however, that this increase in prices did not go into effect until after the fifth game had been completed, this being the final chance the players had of dividing the spoils. spoils.

No, the greed for coin has not been wiped from the game. 

If Dick Kerr wasn't game the dough-boy was a shivering coward and the grand old 19th field artiflery never fired a shet in the world war. -

When fred upon once too often the snake is likely to turn, delivering meanwhile a killing blow with either the hip or the tail. The Sox attack, held in suppression for so long a time, was bound to rise up by all the laws of physics. suppression for so long a time, was bound to rise up by all the laws of physics.

No club that traveled a .283 gait against A L. pitching for a year's run could be checked completely by even a mirraculous staff.

It was a widely circulated fact before the series was under way that the ancient test of the Batting Bye vs. the Pitching Arm would furnish the main thrills of the debate.

It was a question of whether the big four of the Sex—Collins, Jackson, Felsch and Weaver—could break down the Red staff that had defended the old citadel and had given Cinclinguis the first pennant in 50 woeful years.

Still there were few who picked the Redmen to so completely stop the So. attack, for the Reds not only had it stopped, but had never even allowed it to start.

Even a great batting club as the Sox have shown to be are helpless when the rival burler persists in putting more stuff on the ball than a regulation bat can knock off.

Wanted—A real honest fan who can truthfully say that Kerr isn't the gamest pitcher who ever wore a apfied shoe.

With the Sox four runs to the bad and fielding like a lot of stewed Chinamen, did the little southpaw quit?

Yes, just like Noah did when his neighbors laughed at him for working on his ark.

## Has Been Steady One While With Memphis Chicks in 1916 Dickie Showed Worlds of Class and It Was Freely Predicted That He Would Star in Big League

BY BOB PIGUE.

HE GREATEST STAR OF THE PRESENT WORLD'S SERIES is Dick Kerr, the diminutive left-handed pitcher of the Chicago White Sox. Kerr turned in his second victory of the big series Tuesday, being the only Chicago pitcher who has been able to return his club a winner over the Cincinnatians Also, Kerr is the only pitcher on either club who has wor two games during the series. Dutch Reuther attempted it but fell by the wayside, being battered from the mound by Kerr's mater Tuesday in Redland.

Tuesday in Redland.

Memphis fans well remember Dickie Kerr, for it was in 1916 that he was a member of the Chicks, the local Southern league team, o which he was the pitching star and one of the most feared moundment that other clubs in the Sunland major had to face. Dick won 24 games and lost 12 to show for his work with a club that was not noted for its work with the stick. Had he been with a team that would have provided him more offensive assistance, he would undoubtedly have piled up even a better record than his two dozen wins. up even a better record than his two dozen wins.

When Kerr first broke into baseball one was one of the mainstays in the box in the Northeast Arkansas league, where he pitched for Parsgoild. He was a bear over there, and although the wise ones said his size would keep him from ever going to the majors. Little Dick continued to stand the clubs that onnoted him on their collective and individual bears. He was in the same league with Pol Perritt, who later joined the New York Giants.
